Wrappon ORB – Seal away all your portable toilet concerns. Proudly Made in Japan.

Simple to use!

1. Add the coagulant

It is used to solidify the moisture in waste.

2. Press the button

After use, press the flush button to start the wrapping process. The process takes approximately 90 seconds to complete, and the remaining time is displayed on the remote control in a countdown format.

3. Sealed wrap bag is ready

When a beep sound is heard, the wrapping process is complete. Pull out the tray and remove the wrapped bag after each use.
